Elder Cummings then requested to address the Conference; and leave being granted, spoke at considerable length-showing bis connection with the above journals, -and renewing a proposition made last year,-to the effect, that as soon as the Conference in Canada established a paper; he would most cheerfully, at the end of any volume, hand over all Canada subscribers. In increasing the circulation of the above papers, therefore, they were working for themselves and hastening the period when they could sustain a journal

Elder Henry thought with a little effort they might sustain a paper now-even if it was only a monthly periodical; at the same time he did not wish to be understood as not appreciating the kind offer of Elder Cummiligs. Few men indeed would make such an offer; but he had heard noen say they would contribute \$150 towards re-establishing a journal in Canada.
